Imagine a world where nearly all lakes are overrun by aquatic invasive species or where swimming is impossible because of harmful algal blooms. Sadly, this is becoming more of a reality for many of our lakes, and those that have escaped degradation, struggle to ward off the ever increasing threats to water quality. We must have a stronger voice than ever before to protect our lakes! NYSFOLA can be that voice if we all work together. Won't you be a part of that voice and support NYSFOLA?
